**THE ODELL
TYPE WRITER**

will buy the ODELL
\$10 TYPE WRITER.

Warranted to do as good work as any \$100
machine.

It combines SIMPLICITY with DURABILITY.
EASY OF OPERATION—works longer
without cost of repairs than any other ma-
chine, has no ink ribbon to bother the
operator. It is neat, substantial, nickel
plated, perfect, and adapted to all kinds of
type writing. Like a printing press, it pro-
duces sharp, clean, legible manuscripts.
Two to ten copies can be produced at one
writing. Editors, lawyers, ministers, bank-
ers, merchants, manufacturers, business
men, etc., cannot make a better investment
for \$10. Any intelligent person in a week
can become a good operator or a rapid
one in two months.

\$1,000 offered any operator who can do
better work with a Type Writer than that
produced by the ODELL.

Reliable agents and salesmen wanted.
Special inducements to dealers. For pamph-
let, giving endorsements, etc., address the

TELEGRAPHIC.

(By Special Telegraph.)

LONDON, Aug. 27.—London to-day is
an inland town. All communication
with the rest of the world by water is
completely cut off. Ships lying in dock
can neither load nor discharge. Markets
are paralyzed. 10,000 sailors and dock
laborers are on strike.

The strike of the coal porters is practi-
cally ended, and they will resume work
tomorrow. The delegates of the dock-
men insist upon six pence as the rate of
wages. Latest calculations place the
number of strikers at 130,000.

GLASGOW, Aug. 28.—The leaders of
the dock laborers of Glasgow have been
urging them to follow the example of the
London strikers. An enthusiastic meet-
ing was held, and a demand for an in-
crease of wages is to be made. A motion
to strike in case the demand was not
granted was passed, without a dissenting
voice.

ATHENS, Aug. 25.—An earthquake was
felt throughout Greece yesterday.

OTTAWA, Aug. 28.—Prof. Tanner, of
London, Eng., is here on his way to the
Northwest, where he will complete the
purchase of lands for Lord Brassey's com-
pany. These lands will be settled by a
colony of English laborers, which the
Brassey company will bring out.

CHICAGO, Aug. 28.—A desperate at-
tempt was made last night to assassinate
Geo. Klareum, tinmith, who last week
identified Martin Burke as the man for
whom he soldered a tin box on May 9th,
which it is supposed contained the cloth-
ing of Dr. Cronin.

LOS ANGELES, Cal., Aug. 27.—A slight
shock of earthquake occurred this morn-
ing. Clocks were stopped and ceilings
were cracked.

WINNIPEG, Aug. 28.—In the lacrosse
match between the Winnipeggers and the
Nineties, the former won, two games
to nothing.

ASHLAND, Wis., Aug. 28.—The stage
that runs between Gogebicmunch and
Gogebic lake, a summer resort, was rob-
bed by a lone highwayman. A few shots
were exchanged, and two of the passen-
gers were mortally wounded.

RED DEER HILL.

Haying is completed. All the hay put
up is slough hay, as the ridge hay is en-
tirely run out, owing to its being cut for
many successive years at too early a
period in the season.

Heavy clouds of smoke are to be seen
every day, and it is feared a fire may yet
find its way into this settlement, which
would cause great loss to farmers, as a
large number have not gone fire-breaks
around their stacks of hay and grain.

Between 800 and 900 acres have been
harvested, the return for which is at
present very hard to estimate, but it will
be a good crop and rather above the
average of past years. Smut is to be
found in some fields, but on the whole
it is not as plentiful as has been seen in
the past. While root crops are not as
good as usual, yet enough will be raised
for the farmers own use.

Owing to the strict observance of the
game laws, prairie chickens and ducks
will be somewhat plentiful here this fall;
also a number of flocks of geese have been
seen. Have been told that T. McKay's
crop is as good as he ever had. The club
wheat sown by R. Giles and G. Glaister
will yield remarkably well.

Messrs. Inkster and Fiddler arrived
from Troy with a new J. I. Case separa-
tor and horse-power, and will soon be at
work.

Of the new varieties of grain grown
from seed which was sent to various
farmers from the Experimental Farm, a
great many show quicker maturity than
the kinds which have been used here, and
yield so abundantly that in a few years
enough seed can be had from them to
afford a change of seed for all.

A. Spence and Geo. Glaister have each
purchased a Toronto light binder, and
both are perfectly satisfied with the work
done by them. Mr. Glaister cut eighty
acres in one week, and eighteen acres in
one day. Altogether he has cut between
200 and 300 acres, with no breakage.

TO THE DEAF—A person cured of Deaf-
ness and noise in the head of 20 years
standing by simple remedy, will send a de-
scription of it FREE to any person who ap-
plies to McLELLAN, 20 St. John Street,
Montreal.

CHIT-CHAT LOCALS.

Gathered by our Reporters.

Fred. Orr and family have gone to
Shell river to make hay.

The town and country has been envel-
oped in a dense cloud of smoke for some
time past.

C. R. Stovel, Dentist, may be found at
his office, Tait's Block, during the month
of September.

Team are leaving almost daily to work
on the R.L.L. & S.R. About 200 teams
are already at work from different parts.

A cool and refreshing drink can be had
at Jackson's drug store. Cream soda,
from the fountain, only ten cents per
glass.

J. F. Betts, M.L.A., received a cheque
for \$300 from Lieut. Governor Royal, to
be expended on the trail running north
from the river.

R. Gwynne and Geo. Brown left for
Carrot River on Tuesday on a wild goose
hunt. We believe the geese are very
plentiful there this year.

At the meeting of the directors of the
Lorne Agricultural Society it was decid-
ed to hold the Show on Oct. 4th, at the
same place as last year.

C. R. Stovel, dentist, arrived on the
stage this week. Dr. Stovel has opened
his dental surgery in his old rooms over
the H. B. Co's Branch Store.

Why buy your Groceries from F. C.
Baker? Because they are cheaper and
fresher than any other place in town.
He receives new goods every week.

D. H. Macdowall and Mr. McKenzie,
who has the contract for the supply of
ties for the R.L.L. & S. railway, arrived
in town shortly after noon to-day.

The Bishop of Saskatchewan will hold
confirmation service in St. Alban's church
next Sunday evening at 7 o'clock instead
of in the morning as previously announ-
ced.

The foliage on the trees is beginning to
turn yellow. This is very early and un-
usual as we have not had any frost yet.
The cause must be owing to the dry hot
weather.

The police, to about forty in number
under command of Supt. Perry, pulled
out for Regina yesterday afternoon.
Capt. Norman, with fifteen men, if left
in charge of the barracks.

Immense fires are raging in the woods
opposite the town and a short way north
from the river. We seem to have no
fire guardians or any one whose business
it is to look after these matters in this
district or settlement.

The fall meeting of the rifle association
is to take place on the 20th of Sept., and
there has been nothing done towards get-
ting the range fixed up, although \$40
was voted for that purpose, by the coun-
cil three weeks ago. It is near time the
president and range committee were get-
ting a move on.

The Rev. Mr. Matheson, Mr. Taylor
and Mr. Wright will accompany the
Bishop to Carlton. They leave here on
Monday morning early to hold confirma-
tion service at St. Cyprian parish at 3
o'clock p.m. It is reported that Rev.
Mr. Matheson has been appointed one of
the Bishop's chaplains.

Rev. Mr. Howard, who has been east
for the last couple of months attending
conferences, and who has also been doing
immigration agent work in Ontario and
the eastern Provinces, returned home on
Saturday last. To show that Mr. How-
ard has been doing something on his mis-
sion as immigration agent, he brought
with him a fair immigrant in the person
of Miss Plaxton, sister of Mr. W. Plax-
ton, our popular member of the Assembly.

A vote was taken on Saturday last on
a by-law to raise \$1,500 for the erection
of a school building at the west end, which
resulted in the by-law being carried by a
vote of 25 to 19. A great many people
who had not voted expressed the opinion
that they had no idea the by-law was
likely to be defeated or they would have
got to the poll. The people of the east
end, who are ratepayers in this school
district, voted solid against the by-law.

ADVICE TO MOTHERS.
Are you disturbed at night and broken o-
verrest by a sick child's crying and sear-
ing with pain of Cutting Teeth? If so, send a
once and get a bottle of Mrs. WINDLOW'S
Soothing Syrup for Children Teething.
It will relieve the poor little sufferer imme-
diately. Depend upon it, mothers; there is
no mistake about it. It cures diarrhoea, re-
gulates the stomach and bowels, cures wind
colic, softens the gums, reduces inflamma-
tion, and gives tone and energy to the whole
system. Mrs. WINDLOW'S SOOTHING SYRUP
FOR CHILDREN TEETHING is pleasant to
the taste, and is the prescription of one of
the oldest and best female nurses and physicians
in the U. S., and is for sale by all druggists
throughout the world. Free also, a bottle

J. D. MAVEETY, Proprietor

FRIDAY, AUG. 30, 1889.

As will be seen elsewhere in our columns a large number of men and teams are wanted to work on the railway. The rates of wages offered are very fair and we hope that as many of our farmers as possibly can will avail themselves of the opportunity offered to earn ready money. The wages are not as high as people might wish but it is much better for them to go to work at the rate offered than to be at home idle. There are also 250,000 ties wanted here. This will mean a large expenditure of money. The number of ties wanted will mean at least \$60,000, and there is no reason why that money should not be earned by people in the district. Such a sum put in circulation would very materially improve trade and the general financial condition of the settlement. It will not be the fault of those who are building the road if our people do not get all the work they want and a fair share of the money that will be expended in its construction.

In his speech at Regina on the occasion of the turning of the first sod of the Regina and Long Lake railway, Mr. Davin is reported to have taken no little credit to himself and the people of Regina for securing the building of the road, and was so kind as to say that "He was ably assisted by, or he assisted Mr. Macdowall, just as they (his audience) liked. We do not wish to belittle Mr. Davin's efforts, nor will we deny that he worked well in the direction indicated, but we believe that the building of the road in question is due neither to the stand taken by Mr. Davin nor to Regina. If we—the people of Prince Albert—had stood aloof, it is almost a certainty that Mr. Davin would have had to "peg away" for some time to come. Regina was well supplied with railway facilities, and the Government would never have given the assistance they did simply to please that burg. It is to the determined stand taken by this district and to the persistent labors of Mr. Macdowall that the work now in progress is due, and we believe that Mr. Macdowall would have accomplished what he did even if the bard of Wascana had not been. Mr. Davin is anything but modest, and never loses an opportunity to blow his own horn, and would in this case seek to lead the public to believe that he accomplished everything, and that the member for Saskatchewan only played a secondary and comparatively unimportant part in the achievement of the object for which we have striven so long. Mr. Davin assisted Mr. Macdowall and Regina lent a helping hand to Prince Albert, these facts we admit and are thankful for the assistance given. But we will not admit that Regina and Davin are entitled to all the honor and glory of bringing a railway to Prince Albert.

The Lieut.-Governor has made a grant of \$300 to Mr. Betts to be expended in improving the Green Lake trail. Mr. Betts has already made arrangements to have the money spent on that road. The Green Lake trail is one that should be opened up. It will require, however, a great deal of money to put it in condition, and we hope that our members will endeavor to get a much larger grant to spend on it next year.

Mr. D. H. Macdowall, M.P., accompanied by Mr. Mackenzie, one of the contractors connected with the building of the Regina and Long Lake Railway, arrived in town from Winnipeg to-day. Mr. Macdowall says there are now over 200 teams at work on the road between Regina and Saskatoon and the contractors want a large number more. They will give employment to all the men and teams they can get from Prince Albert. They pay laborers \$1.25 a day and board, and for teams \$2.50 per day and found. Mr. Mackenzie is here for the purpose of getting out ties. He wants 250,000 ties between Saskatoon and Prince Albert, if that number cannot be got, 130,000 is required between Duck Lake and here; or he will take 65,000 between this place and Duck Lake. It is not known what price will be paid, but it is altogether probable that tenders will be asked for. The ties must be of spruce, tamarac or jackpine. Poplar will not be taken. Mr. Macdowall says it is the intention of the contractors to do as much as they possibly can before winter, so as to complete the line early next season. Owing to some members of his family being unwell, Mr. Macdowall was obliged to leave them behind but will return to Winnipeg in a few days to return immediately with Mrs. Macdowall and family.

On Wednesday the heaviest wind, without a doubt, that has ever been known here, swept over the town all day. The dust was just in clouds and was blown into every opening and crevice. During the day several outhouses were overturned and chimneys blown down. The tall smoke stack on the H. B. Co.'s grist mill came to grief; the chimney on St. Albans' church fell, during the meeting of the Synod; the tin covering on the roof of Agnew's store became loose and was with difficulty nailed down; the waves on the river were rolling so high that they washed over the ferry and becoming filled, she sank; bathhouses on the river bank were demolished; several buildings were blown out of plumb and considerable damage done generally.

On Friday evening last about 8:30 o'clock a telephone message was received by Capt. McLellan, of No. 2 Fire Company, asking assistance to put out a big fire that was raging in the eastern part of the town. The fire bells were rung; the hook and ladder wagon got ready and the boys were on the road to the fire in a very short time. After going about two miles they met No. 1 Company, at the east end, under Capt. Charley Byrnes returning. They reported to Chief Don, alderman and Mayor Knowles that the fire was south of Moore & Macdowall's saw mill, but that there was no danger. After consultation it was decided that No. 1 Co. turn around and all hands put the fire out. On arrival at the mill, Mr. Loudon, secretary of the Moore & Macdowall Co., was very much surprised to see the fire companies as there was no danger, nor had there been for two days. The prairie all around the premises had been burnt the day before and a wide fire-break ploughed. On the brigade's returning home they met two waggons with N. W. M. P. and their chemical engine, under Capt. Norman, going to the fire. The boys of No. 1 Co. together with the mayor, had to walk back, a distance of three miles, through a misunderstanding by the driver of the hook and ladder.

For the past two weeks a fire has been burning at the north end of the island belonging to the town and some of our citizens thought it should be put out, so on Monday Mayor Knowles notified Capt. McLellan to have No. 1 Fire Co. at the ferry landing at 6 o'clock and the tug would be there to take the men to the scene of the fire. After some delay the excursion party—for that is what it turned out to be—started and on reaching the west end of the island the mayor, in a skiff, pulled along side the tug and informed Capt. McLellan that his men could not get near the fire from that side of the island, on account of the thick underbrush and windfall, and also that

the tug could not get up the north channel for the water was too shallow, and it was getting very late in the night, so there was nothing for it but go back home. The boys all enjoyed the excursion immensely. Capt. Deacon took the party up and back without any mishap, and considering the night being pitch dark and the low stage of water, the piloting was good, as there are a great many boulders a few inches below the surface of the water. We do not think the town should be at the expense of putting out that fire, the people who lit it should be compelled to do so and it would not be a very hard matter to find who the delinquents are.

TERRITORIAL NEWS

BATTLEFORD.

From the Herald, August 14.

Harvesting is about to commence. Dr. McAdam went to Pitt yesterday in response to a telegram on behalf of Mrs. R. J. Hart.

Settlement is drifting towards Jackfish Lake. A. Mannix and son and H. C. Loscombe are the latest removals thither.

The programme committee of the rifle association is hard at work on the bill of fare for the fall competition.

Five of Thos. Dewar's teams pulled out last week for the construction camp on the Regina & Long Lake Railway, and some others will follow shortly.

There being no inch-and-a-half dry flooring in any of the lumber yards in town, the quantity required for the Industrial School has had to be purchased at Prince Albert and is being tramped from that place.

Insp. Chalmers with a party of men left for Jackfish and Turtle Lake on Saturday evening in search of an Indian who lit a prairie fire away last week, destroying a quantity of uncut hay and a fifty-ton stack of new mown hay belonging to Applethorpe Bros.

EDMONTON.

From the Bulletin, August 10.

Maying is in full blast. A high wind on Monday was followed by a very nice shower of rain which dampened the fires and freshened the grass, crops and vegetation generally.

Jas. Inkster, who was making hay on the Long Lake road, had a new tent stolen on Monday afternoon during his absence in town. The ropes were cut from the pegs showing that the thieves were in a hurry.

A. F. McCauley and partner arrived from Granite City, Montana, on Monday and left for White Mud on Thursday on a gold prospecting trip. They worked for a short time making from \$2 to \$3 a day.

Petitions are in circulation this week for the appointment of M. McCauley as sheriff and A. Taylor as clerk of the proposed Edmonton Judicial District, the setting apart of which is also being petitioned for.

In consequence of the block to legal business here as a result of the suspension of the office of deputy clerk of the court, the Board of Trade, at a meeting held on Thursday, August 1st, passed the following resolution, which was forwarded by last mail to the Minister of Justice, and copies to D. W. Davis and D. H. Macdowall, M's P.:—"It is therefore resolved that in the opinion of this Board there should be created a separate judicial district having a clerk and sheriff with office at Edmonton, to be called the Edmonton Judicial District, and that such district might conveniently be bounded by the boundaries of the north Alberta land registration district, except perhaps as to the northern boundary of such registration district."

REGINA.

From the Leader, August 20.

A prairie fire overtook one of the outfits out grading and burnt up the tents, blankets, etc.

On Sunday morning an immense number of outfits came in for grading on the new railroad.

John Joslyn, lumber merchant, was killed at Broadway on the morning of the C.P.R. picnic. An engine ran over him. His body was badly mutilated.

A correspondent has sent the Leader samples of wheat and oats from Dakota. The wheat is not more than a foot long in the straw, with heads all less than two inches in length and all dead ripe. The oats are a poorer sample than the wheat. We have also received a sample of the best soil. It is a black loam, very fine, and looks as though it would yield good crops if given abundant moisture.

The session of the Advisory Council, held last week adjourned on Wednesday, all the members being present. Among the business done it was decided to allow the members of the Assembly to spend \$500 each in their districts this summer. The estimates were made last year up to the end of June, but the Assembly will not meet until October, hence this action. Other business was routine.

FORT MACLEOD.

From the Gazette, August 14.

The Governor-General will visit Macleod this fall, arriving about the end of September. He will go from Lethbridge

to the Blood Reserve, and thence to Macleod and Calgary. He will have an escort from the Mounted Police.

One of the Black Bros. heifers was found dead a few miles above their place last week. All the choice parts of the animal were taken. From what they can hear, they believe it to be a thoroughbred heifer. The animal was undoubtedly killed by the Indians.

Two men, Smith and Dillon, were arrested last week at Maple Creek, charged with bringing stolen horses into the country. The horses in question consisted of a band of 32 head, stolen from a man named Cameron, near Assiniboia. Col. Macleod left on Sunday for Maple Creek to try the case.

Pierce's well-boring machine, which is at work at the Barracks, met with an accident last week. The borer caught in the bottom of the well, and broke the mast, the tackle and broken wood-work coming down with a crash. Fortunately no one was seriously injured, Mr. Pierce being slightly hurt by a falling timber.

CALGARY.

From the Tribune, August 13.

Kumloops has concluded to hold a baseball tournament, first prize \$300, open to all comers; the second prize is the championship cup, now held by the Armisties, and a purse of \$200. The team which can get away with the two purses and the cup will have to be well paid for their pains.

We have received from Mr. Bunnisger's ranch, at Dunbow, samples of oats and barley, which are both very fine, the former being wonderfully strong and healthy and wanting only an inch of 6 ft. while the barley is 5 ft. 4 in. high. Now then, Manitoba, can you beat this in your north pole country?

We received a mysterious telegram on Saturday about a patient losing "his" life, through a mistake of a chemist and doctor. We now learn that the patient was a one-year-old infant, which died last week, and the doctor certified that it died from tuber-culosis. Investigation reveals a remarkable state of affairs. It appears that the medical man, who attended the child, by mistake prescribed bisulphate of morphine. The child died from the effects of the poison, and the doctor's mistake was discovered. It was arranged that the doctor should give the parents \$1,000 and the druggist \$500 to keep the affair quiet. This was done and a certificate given as stated. The facts however, leaked out and an investigation has been ordered.

Canada is to have a home-made wild west show as well as the United States. Messrs. Fuller & Breeding, two enterprising cattlemen from Maple Creek, are the originators and proprietors of the show, the principal features of which will be riding and performing on frisky bronchoes and wild Mexican mustangs; and also doing bareback feats on wild Texas steers as well as lassoing and mock branding cattle. Calf Shirt, a Blood Indian snake charmer, who picks up and handles rattlesnakes, has also been engaged for the season. All the performers are men who have lived for years in the wild west, and had to do with the rough and adventurous life incidental to the early days in the west. Messrs. Fuller & Breeding are experts with the lasso. Mr. Fuller has been captain of the roundup in the Cypress Hills district ever since the cattle industry began in the Canadian Northwest.

LETHBRIDGE.

From the News, August 14.

The weather for the past month has been so smoky that the sun and moon have been almost invisible. From reports received from the vicinity of the fire in the mountains, this state of affairs is liable to last until snow flies.

The baseball tournament commences at Moose Jaw to-morrow. Medicine Hat, Moosomin, Regina and Moose Jaw teams are expected to participate. Lethbridge team will not go.

A 100-yard foot race took place on the square here yesterday evening between McEwan, of this town, and an unknown man, at present working with Messrs. I. G. Baker's bull outfit. The race was for \$25 a side and was won by the unknown by about two feet. Quite a number of side bets were made on the result.

The Alberta gun club, which was started here last week, has now a membership of 15, and are practicing trap shooting every Monday and Thursday evenings. On Wednesday evening last a special practice was held, when S. S. Cummings of the Hingston Smith Arms Co. was present. Mr. Cummings has presented the club with a silver medal to be shot for.

CHURCH OF ENGLAND SERVICES

During the past week His Lordship the Bishop of Saskatchewan has been very busy visiting the different parishes in this neighborhood, and almost every day and evening he has presided at a service. Last Sunday he travelled about thirty miles and preached in three different churches. The following will show that the Bishop has no sinecure while here, and that he is a hard working and energetic man, and one who throws his whole soul into his work to benefit the Church and the clergy under him.

Last Sunday His Lordship visited the parishes in which the Rev. Canon Flett officiates. In the morning he held service at St. Catharine's, and at St. Paul's, Lindsay settlement. The people of St. Paul's had just completed their new church building and this was the first service held in it. The people of Lindsay all express themselves as being favorably impressed with the zeal and earnestness of His Lordship, and speak very highly of him. On Sunday evening the Bishop presided in St. Alban's Church, which was well filled.

Tuesday afternoon—A very important conference was held in Emmanuel College in reference to the work in connection with the Indians. In the evening a Missionary service was held in St. Mary's Church, at which a large number of the congregation were present. Ven. Archdeacon J. A. Mackay, D.D., preached an eloquent sermon. The offertory, which was in aid of the Indian Mission work, amounted to \$39.

MEETING OF THE SYNOD.

The meeting of the Fourth Synod of the Anglican Diocese of Saskatchewan, and the first since the division of the diocese, was held on Wednesday last. All the clergy in the diocese were present, some of them having to travel hundreds of miles, and be exposed to all sorts of hardships in getting here. The Rev. Mr. McLennan came from Stanley, a distance of about 400 miles. He travelled from Montreal Lake to Sturgeon Lake, a distance of about 100 miles on foot, through woods and prairie, and to make the hardships greater, a big fire had swept over the country a short time before leaving the ground covered with ashes, underneath which the earth was very hot in places. Mr. McLennan was accompanied by Mr. Seymour, the school teacher at Stanley, and a couple of traders. On the party's arrival at Sturgeon Lake they were about played out and with very little covering for their feet.

Representatives, including clergy and lay delegates, were present from all parts of this division of the diocese, among whom were His Lordship the Bishop of Saskatchewan; Ven. Archdeacon J. A. Mackay, D.D.; Ven. Archdeacon Geo. McKay; Rev. Canon Flett, B.A.; Rev. John Hines, of the Pas, Cumberland District; Rev. E. K. Matheson, Battleford; Rev. R. McLennan, Stanley; Rev. I. J. Taylor, Fort Pitt; Rev. A. H. Wright, Ignatius Missionary; Rev. J. R. Settle, Sandy Lake; Rev. John Badger, Fort la Corne; Messrs. S. Brewster, Sergt. Parker; Jas. Holster; Robert Adams; And. Spencer; A. N. Peterson, Carlton; J. Stewart, Macdowall; Chief John Smith, South Branch; Francis Dwyer; Chief Jas. Smith, Fort la Corne; J. Cadwallader, Birch Hills; J. Ellis, Carrot River; Chief Atahkakoop, Sandy Lake; and Councilor Peter Kaka, Sandy Lake.

After routine business had been gone through with Rev. Canon Flett was re-elected secretary-treasurer.

The first resolution passed was one of condolence for the death of the late Bishop of Saskatchewan. The Ven. Archdeacon J. A. Mackay moved and Rev. Mr. Matheson seconded: "That at this, its first meeting since the lamented death of the Right Rev. John McLean, D.D., D.C.L., first bishop of the diocese, the Synod desires to express its deep sense of the loss sustained by the Church generally, and this body in particular, by the removal of one to whose great abilities, and untiring energy the progress of the Church in this diocese, under God, is largely due." This resolution was carried by an unanimous standing vote.

The rest of the business done particularly affected the clergy only.

His Lordship's address to the Synod will be published in our next issue.

On Wednesday evening a missionary meeting was held in St. Alban's church, at which a large number of the congregation and others were present. His Lordship the Bishop of Saskatchewan presided. After the opening services were over, Ven. Archdeacon G. McKay, Rev. Mr. Hines and the Rev. Mr. Settle gave so

very interesting accounts of the mission work in this diocese in the early days.

Thursday afternoon a meeting of the Council of Emmanuel College was held, at which Hon. L. Clark and Capt. Thos. McKay took part in the discussion, and a feeling was shown by those present to forward in every way the efficiency and usefulness of the College. On Thursday evening the cemetery around St. Mary's church was consecrated by His Lordship. All the clergy took part, and a great many of the congregations of St. Mary's and St. Alban's churches were present. St. Mary's cemetery has been placed lately under a board of trustees, comprising representatives of St. Alban's and St. Mary's churches and the Council of Emmanuel College. The service commenced with the singing of the 46th hymn, then Ven. Archdeacon Geo. McKay read the petition of consecration, and the Bishop gave his consent. The procession of clergy was formed in front of the church and marched around the enclosure, each one reading a portion of the scriptures until they came to the grave where rests the remains of the late lamented Bishop of Saskatchewan, when the Ven. Archdeacon J. A. Mackay read the deed of consecration, and the ceremony concluded with the singing of the favorite hymn of the late Bishop, "Forever with the Lord," and prayer by His Lordship the Bishop of Saskatchewan.

CONFIRMATION SERVICES.

Next Sunday evening His Lordship will hold a confirmation service in St. Alban's church, and on Monday he will leave for Carleton, where a confirmation service will be held at 3 p.m. From there he will proceed to Battleford, and then return to Regina by way of Saskatoon, where he will hold services.

GENERAL NEWS.

Thos. A. Edison was presented, at Paris by a special envoy from King Humbert of Italy, with the ensign of a grand officer of the Crown of Italy. This gives Mr. Edison the rank of a count in Italy.

A Japan correspondent to the Vancouver world writes that the cheese makers of Canada can control the cheese market in Japan if they like. Cheese, he says, is beginning to go in. Let Canadian cheese-makers take the hint.

A large sperm whale was to be seen spouting in the Burrard Inlet, near Dead Man's Island, on the 14th inst. A party of anglers out in a row boat got quite close to his whaleship. A good many mammas are to be seen in the gulf at this season of the year.

Hamilton's great summer carnival opened on the 19th inst., and promises to be the greatest fete in Hamilton's history. Visitors overflow the city. The city will be highly illuminated at night and will present an appearance unparalleled in the history of Hamilton.

The U. S. District Attorney of California says the first time the Black Diamond puts into an American port it will be the duty of the U. S. Collector to seize her, and that Capt. Thos. Owens, her master, is liable to arrest on American soil at any time for mutiny. Also that the vessel can be seized on the high seas at any time.

A message was received by the Winnipeg police on the 18th inst. from Sup't Jarvis that a man had left Wood Mountain for Moose Jaw riding a dark brown horse, who was wanted for murder. The police at Moose Jaw arrested a party answering the description of the man, a few miles south of Moose Jaw on the Wood Mountain trail.

The message that has for the last few days been waiking the streets of Victoria attired in blue jacket's uniform and answering to the name of Hankenson, U.S. es. Rush, left Vancouver by the Ancon for Sitka on the 14th inst. He will wait there till the return of his ship, which is expected to arrive at that port on the 9th September. The country is now safe.—Vancouver World.

The Newfoundland Government is enforcing the bait Act with a good deal of vigor. One cruiser, Lady Glover, has made eight seizures this season. The masters of two of these vessels were fined \$1,000 each or five months' imprisonment. The others were jailed for terms of five months downward. To show what the ship owners and masters of schooners are now put to in order to get bait in to the French, it is but necessary to describe the plan adopted by one of the vessels. False bulkheads were built in her next to the cabin, three pieces of decking were taken out and the space filled with herrings. In order to hide all traces of the dodge a seine was carefully spread over the deck.

The Brandon Sun says:—Our readers will remember that a short time since we called attention to the finances of the Catholic section of the Board of Education. Since then a startling discovery has been made. The Government satisfied themselves that the Catholic system had in their hands a considerable sum of money that had not been applied to the purposes for which it was voted and intended. As might have been expected there was considerable reluctance manifested before a decision was arrived at to disgorge. This decision was doubtless hastened by the stand taken by the Government. The latter declined to recognize any demand made by the Catholic section until the matter was adjusted. When they became aware, beyond a doubt, that their source of supply would be cut off until a satisfactory adjustment was had, they decided to comply with the demands of the Government. The result was that the Government received nearly \$14,000 in cash from the Catholic section of this Board. The knowledge that our Provincial finances has thus improved will be a very agreeable surprise to all our citizens.
